

WARRING NATIONS WILL SETTLE A LONG AND BLOODY STRUGGLE THROUGH PRESIDENT ROOSEVELT

INDICATIONS ARE FOR PEACE IN 24 HOURS

When All Hope Seemed Gone Nation's
Ruler Submits Plan That Meets
With Approval of Both Russian and
Japanese Envoys

PORTSMOUTH, August 22—The Associated Press is now in a position to reveal substantially the suggestion made by President Roosevelt for the breaking of the existing deadlock in the peace negotiations and rescuing the conference from failure.

His solution would ingeniously permit the satisfaction of the Japanese demands for reimbursement for the cost of the war and at the same time enable Russia to face the world with declarations that she had not ceded a foot of territory or paid a kopeck of

WITHIN the next twenty-four hours, from present indications the news will be definitely announced to the world that the great war in the Far East is at an end, that Japan and Russia have agreed upon terms and that the settlement will be on a basis honorable to both sides. From what seemed chaos, order has come at the eleventh hour at a time when almost all hope for peace had been abandoned.

war tribute to the victors.

The solution is one which has heretofore been described in the Associated Press dispatches as a natural and logical compromise.

Tersely stated it consists of an agreement by Russia to repurchase the possession of either all or half of the island of Saghalien, now in military occupation of Japan, for a sum the amount of which, if the two countries cannot agree, shall be decided by some method of arbitration hereafter to be determined. The purchase money, together with the sum Japan would obtain from the cession of the Chinese eastern railroad and the maintenance of the Russian prisoners in Japan, would, it is estimated, about equal the amount claimed by Japan as her bill for the cost of the war.

Practically therefore the resolution

offered by the President involves a recession by Japan upon article 5 (cession of the island of Saghalien) and recession by Russia upon article 9 (indemnity).

It seems practically certain, though this cannot be affirmed positively, that the President today was able to give Envoy Witte a substantial assurance that Japan would be willing to accept such a compromise. This is apparently supported by an authoritative Japanese statement made to the Associated Press tonight in reply to the question as to whether Japan had not decided to make substantial concessions and that "it all depends on Russia."

A long cablegram from St. Petersburg, which is believed to be the Russian reply, arrived tonight. Mr. Witte's secretaries immediately began

PROPOSED TERMS HONORABLE TO BOTH SIDES

Witte and Rosen Now Considering
Final Suggestion and Result May
Be Known Some Time During the
Day

deciphering it. Sheet by sheet translation was taken to Mr. Witte's room. Rumor has it that it is a reiteration of the Russian position that she has given ample proof of her desire for peace in the articles already accepted and that more she could not yield with dignity and honor.

No confirmation of the report that Russia's reply is a negative one can be obtained and it must be accepted with all reserve.

Lights in the rooms of Mr. Witte and Baron Rosen were burning long after midnight.

FIGHT FOR PURE WATER STARTS IN EARNEST

Taking of Testimony in Suit of
Nevada Against Floriston Pulp
and Paper Company Begins
Before Referee at Bay City

WHAT promises to be a bitter suit began in San Francisco yesterday morning when the people of Nevada opened the case of the State vs. the Floriston Pulp & Paper Company to compel the latter to refrain from polluting the Truckee river.

Special to The Journal

SAN FRANCISCO, August 22—Testimony was taken today before United States Commissioner Heacock in the suit of the state of Nevada to restrain the Floriston Pulp and Paper Company from dumping alleged fouling matter into the Truckee river.

It is claimed by the complainants that the paper company has a dam on the Truckee river over which a stream of acid used in the paper making process, as well as other deleterious matter, is dumped.

Testimony was adduced tending to prove that an analysis of the water disclosed the presence of deleterious matter which could come from no other source than the paper mill.

An imposing array of legal talent is lined up in the suit. Attorney General James G. Sweeney of Nevada, W. E. F. Dea and the firm of Pillsbury, Madison & Sutro are representing Nevada, opposed to United States District Attorney Sardis Summerfield and Goodfellow & Bells for the Floriston company.

AUTO SERVICE FOR GOLDFIELD RAILROAD

Special to the Journal.

TONOPAH, August 22—What is a radical departure in railroad and an experiment which will give the people of Tonopah and Goldfield hourly transportation service between the two big camps has been arranged for by the Tonopah railroad.

The line, according to the present calculations will be open on September 10th.

Mrs. Frank Out of Danger
A message was received in Reno yesterday morning from Sacramento, announcing that Mrs. Milton Frank was out of danger and getting along nicely. The baby is also in the best of health, weighs eleven and a half pounds and is strong and lively.

OPEN CESSPOOLS ADD TO THE DANGER

People of New Orleans Careless
Regarding Health Regulations
and Death Rate From Yellow
Fever Continues Unlowered

NEW ORLEANS, August 22—The yellow fever report to 6 p.m. is: New cases, 57; total to date, 1503; deaths, 9; total to date, 214; cases under treatment 319.

The deaths today were principally of persons bearing foreign names. An exception was Arthur Hill, an employee of a large dry goods house. He came here last November from New York with his wife and two children.

In spite of all the agitation which there has been on the subject, some cisterns remain unscreened. The police received orders to spare none who show indisposition to obey the law.

WOMAN SEER FINDS MINES IN HUMBOLDT

Special to The Journal:
LOVELOCK, August 22—If the teachings of Mrs. Mabel Jackman of Chicago are true it will soon be possible for every one to discover mines without going through the formality of digging for them. Mrs. Jackman, who has been in Humboldt county for a month or more, arrived at Mill City yesterday and announced that she has located a half dozen claims on as many different ledges, all rich in gold and silver.

The ledges, she claims were revealed to her through an occult power possessed only by herself and those who are converted to a religion of which she professes to be the originator.

Mrs. Jackman is alone, and though she has visited Mill City on a number of occasions, she has always been unattended. She claims to have many followers in Chicago and other large cities in the east. To these she has sent commands ordering them to come to the Sagebrush State, help her develop her present mines and join in the search for more.

COLLINS DOES NOT LIKE TO SLEEP IN JAIL

Makes an Unsuccessful Effort to Be
Released on Bail Pending Final
Action by Canadian Courts on His
Appeal for Habeas Corpus

VICTORIA, B. C., August 22—Bigamist Collins today appealed for bail before Justice Duff. His application was refused. This step was taken because Collins objected to being deprived of his liberty at night, although he is allowed liberty during the day.

ROBBER KILLS A WOMAN

CHICAGO, August 22—Mrs. S. E. Mize of New York City was shot and killed tonight by a robber. Accompanied by Mrs. Wilson, also of New York, Mrs. Mize left the Del Prado Hotel at about 10 o'clock for a short walk, and a short distance from the hotel they were stopped by two men, who demanded their valuables. Mrs. Mize started to run when one of the men shot her in the head.

HAZEN BUSINESS MEN SHOW THEIR GENEROSITY

HAZEN, August 22—A mother who was sick in a little cottage, with five small children and no means of support, today had reason to thank J. H. Ray and the citizens of Hazen for their kindness to her in the dark hours of distress.

Mrs. O'Dane, a comparatively young woman, suffering from what appears to be a severe attack of typhoid fever, was today taken to Fallon by a physician, where she is receiving medical treatment. Mr. Ray took up a subscription among the business men and others and secured \$124 with which to give the unfortunate woman proper care and medical attendance. Her five young children are being well cared for by well disposed neighbors.

FATAL KANSAS WRECK

TOPEKA, August 22—A report reached here tonight that five persons were killed and a number injured in a wreck on the Union Pacific near Rossville, Kansas, about eighteen miles west of here.

F. M. Paine Arrested
F. M. Paine, a contractor, was arrested yesterday for violating the fire ordinance.

RAILROAD TOWN ON PROHIBITION BASIS

MINA, August 22—The Southern Pacific Company is now permanently established here. The old Carson and Colorado railroad has been renamed the Nevada and California and from now on Hawthorne will be completely off the line. The title to town lots is not entirely clear yet. It is understood the company will prohibit the sale of liquor in the town, giving a ninety-nine year lease to all lots with the proviso that no liquor be sold on the property. This makes Mina the only strictly prohibition town in Nevada.

Ambassador to Mexico Tenders His
Resignation for Purpose of Making
a Special Trip to China in Interest
of United States

OYSTER BAY, August 22—Edwin Conger of Iowa has resigned his post as ambassador to Mexico, to take effect on October 18th, and President Roosevelt has accepted his resignation. Conger's retirement from the diplomatic service was foreshadowed in these dispatches last week. It was indicated then that he might be sent to Pekin as the special commissioner of the President to adjust, if possible, the differences which have arisen between this country and China over the boycott of American goods by some Chinese commercial guilds.

Sparks Boy Breaks His Arm
E. Wideman, a young man employed by L. D. Ray at Sparks, was brought to Reno yesterday suffering from a bad fracture on his right arm, above the wrist. The fracture was set by a physician. Wideman had been driving a delivery wagon for Mr. Ray. He was standing between the rear of his wagon and a woodshed near the Silver Dollar saloon at Sparks when the team backed up, pinning the young man against the shed and causing the accident as stated.

ONE OF MANY DANGERS

ONE of the many dangers attending the footsteps of those who travel is the possibility of the engineer of a train dying at his post.

Death has often come to engineers in the cab but so far as known no accident has resulted from that cause. It is quite possible that some accidents which have never been fully explained have been occasioned in that manner. When an engineer has been found dead in the wreck of his machine, none can tell whether he was dead before the wreck occurred. He may have passed a switch at which he was to meet another train after succumbing to a sudden attack, but, being crushed in the ensuing wreck, none could discern the fact that it was a corpse that sat in the cab as the trains went thundering together.

The latest case of such a wreck at the post of duty is reported from Pennsylvania. A few nights ago the Chesapeake & Ohio flyer out of New York over the Pennsylvania tracks ran a long distance after the engineer had been killed by his head coming in contact with something by the track. Just after the train had crossed the bridge at Trenton the engineer spoke to his fireman saying they must have a hot box as he detected the odor of burning waste. Nothing more was said about it and the train sped on. Later on as the fireman clambered up onto his seat, he thought he saw a red light flash past, while the engine seemed to be running at unusually high speed. But the fireman asked no questions, presently going back to his work shoveling coal into the voracious furnace. Again he thought he saw a red light. He looked up at the engineer, but the latter seemed to be watching intently ahead, and the fireman said nothing.

It was not until a third red light flashed out that the fireman determined to go closer and see why it was that the engineer maintained that attitude and he found the man dead, his skull having been crushed. The engineer had leaned far out to see the hot box and that cost him his life.

The train had run at lightning speed when it should have slowed down. The fireman took charge instantly and soon had the engine under control bringing the train to a stop among the tangle of sidetracks a few miles out of Philadelphia. How far the train had run after the accident none could say but it was evident it had run over the greater part of the distance between Trenton and Philadelphia.

What would have happened if the train had overtaken one of the freighters for which the red lights had been set can only be imagined but there would have been a dead engineer, and the officials would have wondered why it was that he dashed on high speed after the signal lamps had flashed their messages of warning.

IT is getting to be quite fashionable among the towns of Nevada to move to a new town site. Hawthorne is the latest. She will move, bag and baggage, in a few days to the new site called Miner. If Hawthorne does not like her new home, we have an idea that Goldfield would welcome her with open arms provided she brought her court house along.

A RECENT report of the court records of New York City show that no less than 7,700 wives, the greater part of whom have young children have been abandoned by their husbands in the past year while not one case is recorded where the husband was abandoned by the wife. As "other women" is given as the cause there must still be 7,700 happy women in New York City.

A report from Berlin to the effect that Norway will become a republic. Such a result would not be surprising. With so many thousands of Norwegians prospering in this country, it is very certain the people of the motherland have been made very thoroughly acquainted with the benefits of republican government.

A DENVER genius has invented a keyless padlock which bids fair to come into general use, says an exchange. It has eleven locks, operated by as many buttons. We take it that there is no danger of the keyhole industry suffering, as it will take the ordinary man just eleven times as long to get into the house as formerly.

A deed of heroism no less knightly than that of Sir Philip Sidney because it was suffered in behalf of a dumb creature, was the death of Harry Howard, who died with the horse rather than leave the animal to famish for water on the desert.

THE State papers are still trying to explain the cause of that volcano out near Lovelock. The man at Lovelock told a good story, but we should not get to repeating it until we get to believing it ourselves.

THERE are quite a number of things known to the Equitable policy holders now that the agent forgot to mention when he wrote the insurance.

THE \$6,000,000 that the Czar has invested in the United States does not look large to him when he comes to size up the pile he has buried in the Straits of Corea.

NEW YORK is to have an amusement edifice 1250 feet high erected in one of its public parks. This structure will out-top the Tower of Babel and its pinnacles will be about as near heaven as a New Yorker may expect to get by land.

IT is absurd to say Paul Morton knows nothing about the insurance business. Any man who has lived to be as old as Mr. Morton and has not been positively discourteous to the agents must know a whole lot about the insurance business.

AN English paper is authority for the statement that the Duchess of Marlborough, formerly Consuelo Vanderbilt, has a number of pet snakes which she delights in twining about her neck. We had much rather it is Consuelo's neck than ours.

A BURGLER at Battle Mountain recently secured \$600 from a slot machine and the town which had no peace officer prior to the robbery immediately put on a policeman. One policeman to each slot machine, the thing figures out all right, but we never thought of it in that way before.

GIFT FOR THE WHEELMEN

Chairman Bollo Gives Set of Training Rollers to the Local Club

Fred L. White of the Reno Wheelmen's Club has been appointed one of the track judges for the big automobile, bicycle and motor cycle race to be held at Ingleside on September 3d. The judges are selected from the various bicycle clubs and those prominent in the automobile world.

As an indication of the high standing of the Reno club among the wheelmen of the coast a letter has been received by Captain Hawcroft of the Reno club from Fred Bollo, chairman of the committee on arrangements for the Ingleside meet, in which that gentleman offers to personally give the Reno club a set of rollers for indoor training, valued at about \$100 as an extra inducement for participation in the big meet.

The Reno Wheelmen have already made all arrangements to send Peckham, Knox and Johnson to represent Reno in the Australian pursuit race at Ingleside and Carter and MacKenzie to participate in the sprint races. Chairman Bollo, in his letter to Captain Hawcroft, says:

"We are doing all in our power to boom the bicycle sport in San Francisco and trying to place it where it belongs with the rest of the sports, and knowing the interest taken among the bicycle fans of San Francisco when your club is mentioned we earnestly solicit your aid in booming the sport here by coming down on that day (September 3d.) The meet takes place at Ingleside and the prizes are of the best. The riders will receive their prizes at the track, so the boys will get all that is coming to them, as we understand that several of the riders in the meets following that of June 5th did not receive their prizes."

"We take great pleasure in telling your club know that we have the Hon. Mayor E. E. Schmitz so interested that he has decided to present an elegant silver cup to be known as the Hon. Mayor E. E. Schmitz trophy, given with the aim of fostering the bicycle sport in San Francisco and no club knows how badly the sport needs boosting here, better than your own. Knowing that your club will have to go to more expense than any other club to send three riders down here for the pursuit race, and as we have almost cleaned ourselves out financially on this meet, and cannot offer your club any expense money, I will personally give to the Reno Wheelmen the set of rollers, or indoor trainers, I offered to sell them some time ago for \$100, which will surely more than make up for more than your club's expenses in coming down here."

"I wrote to Mr. Stewart about a month ago. I sold the G. C. W. their rollers for \$60 and they are made of redwood, while the set I offer to your club are made of the best maple, and are much improved all around. A few of the riders in San Francisco have seen them."

CARTER IS IN THE LIMELIGHT

"Nick's" Challenge to the World Brings Forth a Storm of Criticism in Reno

Evidently Carter's open deft to meet any amateur bicycle rider in the world has caused considerable surprise in the ranks of the Wheelmen and now they are after him to show. Knox is the man selected to do the trick and indications are that the two will be matched for a race.

Carter's statement that he has defeated one of the fastest riders in the world and that he has also broken a world's record at Salt Lake is not received with acclaim among the other fast riders, but "Nick" is not complaining. He has not retracted any statement he has made and to a friend yesterday said he is ready to make good, or at least try to, any claim he has made.

"It is always the way," said a well known Wheelman yesterday. "Carter, at his own expense, went to Salt Lake, took a chance with the fastest riders in the country on a queer track and made good to the satisfaction of all his Nevada friends. Now when he returns with a reputation they become envious of him. In my opinion Carter's open challenge should set at rest all claims that he is posing for notoriety. It shows he is ready to meet any rider that doubts his claim. A race will speedily decide who is the best rider and whether Carter has been defeated before or not he is entitled to credit for coming out in the open and defying all competitors."

HERBINE
Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion and nervous headaches, and over-indulgence in food and drink.
G. L. Caldwell, Agt. M. K. and T. R. R., Chesapeake, Ind., writes, April 13, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." Sold by T. R. Cheatham, 50c.

THE FIELD

NEWS AND GOSSIP FROM THE WIRE AND LOCAL SOURCES
EDITED BY DICK DEAN

OF SPORTS

Little Men Are Training Hard

James Edward Britt and Battling Nelson are both hard at work training for what promises to be the greatest battle among men of their inches chronicled in the annals of the prize ring. Both men start training at 140 pounds and will when they respond to the gong at Colma on September 9th tip the beam at 130. Rosy reports come from the training camps of either man, telling of their splendid condition and that each is bubbling over with confidence of the result of the Admission day fight.

The ground was broken yesterday for the big amphitheater to be built at Colma. The ring will be below the level of the sea. The ropes are to be stretched in a pit so that all will have a fair view of the battle. Chairs for the press and the \$20 box seats will be even with the arena. The benches next to the \$20 boxes will be sold at \$15. They will be built a fair shade higher than the chairs ahead. Then, in order, come the \$10, the \$7.50 and the \$5 accommodations. And back of these, extending to the fence, will be the bleachers at \$3 per ticket.

It will be just 100 feet from the seat farthest from the ring. So that whether you pay \$20 or \$3 you will have a fine view of the fight. Coffroth has planned to seat 10,000 persons.

SIDE MONEY IS UNPOSTED

When the articles of agreement were drawn up the public was amazed at the careless manner in which the managers of both fighters handled the fair name of the almighty dollar, says R. L. Goldberg in the San Francisco Bulletin.

The walls of Coffroth's business office in the Columbia building were papered with twenty dollar gold pieces and the signatures of the witnesses were written with wine. If any one in the room conversed in hundred dollar tones he was immediately ejected for conduct unbecoming a gentleman. Thousands were the only numerals allowed to creep into the conversation. Several times during the conference John D. Rockefeller rang up offering to place his millions at the disposal of the managers should they be in need of funds.

Now that the articles have been drawn up and signed, Stakeholder Harry Corbett is sitting up nights wondering if the \$10,000 side bets will ever tickle the palm of his trusty right. Nolan positively states that he is coming over today with his \$10,000 sack and will place it in Corbett's hands. He is sore on Willis because the young gentleman behind the rope has shown no desire to come through with his end of the bet. On the other

hand Jimmy's brother passes the buck to Nolan and claims that the Dane's manager is the cause of the delay in posting the side bets.

With regard to Nolan's guarantee of half the \$20,000 purse to Britt, Billy says that it should be of no great concern to Britt. It is entirely a business deal with Coffroth and Jimmy should not worry about the forthcoming of the money.

And Corbett is still waiting.

Joe Gans May Fight Sullivan

BOSTON, August 22—Mike (Twin) Sullivan, has posted \$100 to meet Joe Gans of Baltimore for the lightweight championship at the latter's own terms. Gans has been sidestepping Sullivan, claiming injuries to avoid meeting the New England champion. Sullivan will meet him at the lightweight limit and will fight him before any big club in the country. Sullivan is willing to post a forfeit of \$1000 to meet Jimmy Britt or Jimmy Gardner for the lightweight title if Gans fails to notice his forfeit.

Fifty Dollar Nevada Bicycle Free.
On August 31 we will give another Nevada bicycle away. Tickets will be given with every 25 cent purchase, repairs, or taken in on account, entitling the holder to one chance on the wheel. We give tickets on everything sold, rented or repaired, or taken in on account. We have the best equipped bike shop in Nevada, know how to repair bikes and are agents for the best wheels made, the Racycle, the Columbia, the Tribune and make the Nevada for Reno's rough roads.

We also sell sporting goods, fishing tackle and have a large assortment of flies. Nevada Cycle Manufacturing Co., No. 11 West Second street.

Schueddig's Eucalyptus Oil
Is guaranteed absolutely pure and is a positive cure for croup, colds, pneumonia, asthma, bronchitis, all forms of catarrh and kidney troubles. For sale by all the leading druggists. If after using half a bottle it does not give satisfaction your money refunded. Take no other.

Have you tried the butter nut bread made by Archie Graham, at the New Home Bakery, near the bridge? If not you should try a loaf. It is all the rage in the city, 5 cents a loaf.

Fresh coffee, hot buns every morning, O. K. parlors, 15 West Second street.

All Is Ready for Friday's Battle

SAN FRANCISCO, August 22—Buddy Ryan and Willie Fitzgerald hit the road this morning before 8 o'clock and had a run of ten miles, after which they took a dip in the surf out at the beach. With but a few more days to train for his battle with Jimmy Gardner, which takes place at Colma on Friday night, Ryan is already practically at weight. He has found no trouble in making the required notch and is already in as good shape as he ever was for any battle.

Yesterday both he and Fitzgerald called it a day of rest, with the exception of a run on the road. Both of these boys are devout Catholics and came into town Saturday night so that they could attend confession and mass early yesterday morning. Fitzgerald is training for his fight with Eddie Hanlon, which is billed for the 29th of this month at Los Angeles.

Ryan is a boy that never has much to say, but Johnny Reid, his manager, says that they are sure to beat Gardner when the two come together.

"Buddy was down to 133 pounds when Gardner beat him the last time, and naturally enough was not at his best," said Reid when speaking of the chances of his man. "We are meeting on more even terms now and it will be Ryan who will land the sleep potion this time."

The big crowd that visited Smiling Metzner's yesterday afternoon were taken with the way Jimmy Gardner shows up. Gardner is in good shape and had intended to call it a day of rest, but went on, for a few rounds, with Joe Angeli to please the visitors. He evidently likes a little more weight than he made when he met Rufe Turner and is as strong as a young lion. He has a kick like a mule, and as Ryan is also the same kind of a hitter, the go is sure to be a fierce one when these two boys come together.

The sale of seats for the Ryan-Gardner contest will commence Thursday morning at the Velvedere, 30 O'Farrell street, and as a large guarantee has been made the fighters, the management of the Colma Club have announced that there would be no complimentary list.

GETTING READY FOR FOOTBALL

University of Nevada Team Will be Assembled Soon After Opening of Fall Term

With the opening of the college year and the approach of the football season much interest is centered on the probable strength of the team which will represent Nevada on the gridiron.

According to present indications the team this year will be very weak compared with that of former seasons. But five of the veterans who constituted last year's strong eleven will be seen at college this year, and unfortunately among those who will not be back are some of the best men on the team—men with experience and brawn, the backbone of the team.

The back field will perhaps be the hardest to replace. Jap Hart will be the only one of last year's trio left. The loss of Friessell, who is with Multnomah this year, and ex-Captain Steekle, who was a member of last year's graduating class, weakened the back field to a great extent. It will be hard to find any one who can fill Friessell's place at punting. The loss of Knox at end will also be a hard blow to the team. He was ranked as one of the best ends on the coast last year, and has announced his intention of going to Berkeley this year.

Captain Jones will be made to play in order to retain his position as quarterback over Magee, formerly of Santa Clara College. Magee has the reputation of being one of the swiftest and headiest quarters on the coast.

With the exception of Knox at end the line will not be weakened very materially. It will be necessary to develop two new guards and George and Boyle of last year's second eleven should prove very good timber this year. The coach has not yet arrived but is expected in a few days. He comes well recommended, having formerly been athletic director at Boil College, Ohio.

STOP THAT COUGH

When a cough, a tickling or an irritation in the throat makes you feel uncomfortable take Ballard's Horshond Syrup. Don't wait until the disease has gone beyond control. Mr. and Mrs. J. A. Anderson, 634 West 5th St., Salt Lake City, Utah, writes: "We think Ballard's Horshond Syrup the best medicine for coughs and colds. We have used it for several years; it always gives immediate relief, is very pleasant and gives perfect satisfaction." For sale by T. R. Cheatham, 25c, 50c, and \$1.00.

Dr. Bergstein's Quarters.

During his stay in this city Dr. Bergstein will be found at room 43, McCormack Building. Those wishing to see him will find him there during regular office hours.

INDIANS LEAVE FOR HOP FIELDS

Six Coaches Loaded With Piutes and Washoes in Search of Employment Left Last Night for California

After spending the last week in dancing and feasting, during which time the pipe of peace was smoked and the hatchet buried, the Washoe and Piutes left this city last night in a body bound for the hop fields of California. The Indians traveled in a special train consisting of six coaches, running as the second section of No. 13. There were probably about two hundred Indians on the train. Each year they make the trip to California when the hop picking season arrives, where they receive steady employment for about one month.

The long pow-wow which has just come to a close has deprived the larger part of those who attended of most of their ready cash and they are now compelled to seek employment of some kind whereby they may earn enough to carry them through the winter.

Those who had charge of the money charged for admission to the evening exercises of the pow-wow, however, will not have to work for several months. Each night vast crowds of whites from this city and Reno attended the dances, paying an admission fee of 25 cents for the privilege of watching the warriors perform. The opening night it was announced by the Indians that over \$500 was taken in at the gate. The attendance was equally large during the following nights, so it may readily be seen that a neat sum was cleared by those who handled the admission fees.

BRIEF MENTION OF PASSING PUBLIC

Those Who Come and Those Who Go to and From the Railroad Town

Harry Marcotte made a business trip to Reno yesterday.

Miss Louise Bryant spent yesterday with friends in Reno.

Miss Clara Pinley spent yesterday in Reno, the guest of friends.

J. E. Gilneough made a business trip to the county seat yesterday.

Mrs. T. J. Yeargin paid a visit to her Reno friends yesterday.

Dr. Hall was called to Reno yesterday on professional business.

H. Williams, formerly of the Barrel House, has assumed charge of the Lodge restaurant.

A. E. Baker, who has been quite ill for some time past with malarial fever, is improving rapidly.

County Commissioners Sessions and Kinney were transacting business in the railroad city yesterday.

Eugene Kruger, manager of the Truckee Mill & Lumber Company, was in this city yesterday on business.

Assistant Superintendent Shaughnessy returned yesterday from Pacific Grove, where he has been for the past week.

MOONLIGHT DANCE TOMORROW NIGHT

Modern Woodmen of America will Entertain in the Open Air at Lincoln Park

Tomorrow will be a red letter day in the history of the Modern Woodmen camp of this city. The moonlight dance and picnic which was postponed from last Saturday night will be given under the poplars of Lincoln Park. Great preparations have been made by the Woodmen to make this event one of the most successful yet held this season. The grove at the park offers one of the finest natural resorts for an affair of this kind to be found anywhere. A large and capacious platform has been erected under the trees for dancing. Special care has been taken in its construction to make it the equal for dancing purposes of any ball room floor in the city.

Merrill's orchestra of Reno has been engaged to furnish the music for the occasion. It is ranked as one of the best in the state and will, without doubt, prove very satisfactory to all concerned.

The picnic will be an especial feature of the evening's pleasures. Delicacies of all kinds will be provided for all who care to indulge in them. They will be served in the grove at the park.

All who desire may attend both the dance and the picnic. It is not limited to the members of the Woodmen. Everybody who is desirous of spending a pleasant evening will do well to attend.

Nelson's rock corn whiskey, full proof, eight years old, to be had at Behler & Olin's, the Elk saloon. a1w2

EPISCOPAL LADIES WILL ENTERTAIN

Preparations are being made by the Ladies' Guild of the Episcopal church for the lawn party to be given by them next Friday night at the home of Mrs. Beemer. The evening will be spent in playing games and having a general good time.

Refreshments will be served during the evening by the ladies. The proceeds derived from the sale of refreshments will be used to aid in the construction of the new Episcopal church which is to be erected in the near future. Everybody is invited to attend.

Terse Tales of Town

Carl Stoddard left yesterday for Bullfrog to look after his interests at that point.

W. H. Whyhart and wife of Soda-ville arrived here last evening on a visit to friends.

City Attorney R. C. Stoddard and wife leave this morning for Bijou Lake Tahoe. They will be absent for about ten days.

Dr. Robert T. Kane and wife, Mrs. E. L. Maxwell, Miss Edna Maxwell and party leave this morning for an outing in the mountains.

Mrs. W. R. Harris of Reno, who is now visiting Mrs. Hunt at Davisville, California, has recovered from a severe attack of heart trouble.

Eugene Howell, who has been visiting his family in Reno for some time past, leaves this morning for Tonopah, where he is now engaged in the banking business.

MISS HELEN HAMLIN BECOMES A BRIDE

A pretty wedding was solemnized at 4 o'clock yesterday afternoon when Dr. A. C. Welch of the Methodist Church pronounced the words making Charles Kent of Stillwater and Miss Helen Hamlin of Reno man and wife. The ceremony took place at the home of the bride's sister, Mrs. Woodward, 105 Elm street. A few friends and relatives were present. The bride is a graduate of the University of Nevada and well known in Reno. Mr. Kent is a well known resident of Stillwater, at which place the couple will reside.

Another Car Load of Cheer
Bryson & Cohn, those ever popular dispensers of liquid cheer, yesterday received another carload of Anheuser Busch beer, the beer that has cheer, and creates the smile that won't come off. Large or small libations of the excellent beverage can be secured at all times at the Monarch.

Card of Thanks
We take this method of extending to our many kind friends our sincere thanks for their tenders of aid and sympathy during our bereavement, the recent death of our husband and father, the late George De Remer.

WORK BEING RUSHED ON BOTTLING PLANT

Manager Kohl of the Rainier Brewing Company's bottling works, now in course of construction here, stated yesterday that the concrete foundation for the bottling works was practically finished and that work would commence on the structure proper within a very few days.

"We intend," said Mr. Kohl, "to rush the bottling plant through to an early completion, and will then build a residence, stables and other accessories. The machinery for the plant will arrive in Reno in about two or three weeks. The beer will be on the market within a month or six weeks."

CURES SCIATICA
Rev. W. L. Riley, L. L. D. Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving my first relief and the second entire relief. I can give it unqualified recommendation. For sale by T. R. Cheatham, 25c, 50c and \$1.00.

WRECKED LIFE ONCE HAD BRIGHT FUTURE

The body of George Stanley, the young man who died at the county hospital of consumption Monday, was shipped to Sacramento last evening by Perkins, Oliver & Gilling. The dead man's people reside in that city and the funeral will be held today.

It developed yesterday that Stanley was for several years the editor of a newspaper at Eugene, Oregon, and that while yet in his teens he had a remarkably bright future ahead of him. Intemperance led to his downfall and he went from bad to worse until he landed in Reno, penniless and among strangers.

Work of a Sculptor
E. W. McIntyre, the sculptor, this week completed the modeling of an Indian maiden. The work is done in plaster of paris in an off hand manner, bringing out in a strong manner the artistic qualities of the work. The cast is on display at H. J. Thyes' resort on West Second street.

Dr. A. H. Heppner has moved his office and residence to 109 Sierra street, where he now has every modern convenience at the service of his patients. au19m

WHY JAPAN SHOULD WIN

DARK PLOT HINTED AT

AN OPINION FROM A NIPPONITE IN RENO

Mr. Kawanami Thinks the Russians Will Act Wisely by Submitting Now, Thus Avoiding Further War and Heavier Indemnity

(By H. R. Kawanami.)

AS I discussed in The Journal some time ago regarding the fall of Port Arthur under the title, "The End of the Present War," the victory of the Japanese will depend entirely upon the work of our diplomats, further that our victory depended entirely upon the superiority of the Japanese. The natural result is the peace conference now being held at Oyster Bay is equal in importance to what Port Arthur was during the siege and before the fall of that Russian stronghold. Baron Komura's duty now is identically the same as was Admiral Nogi's at Port Arthur. Even before Port Arthur fell the Russians were ready to make peace with Japan upon honorable terms and sent messengers to Japan with this end in view. Now when the stronghold fell temporary peace at least was the result. Thus temporary peace is still practically in force. However, if the present peace negotiations in progress between Russia and Japan are terminated without result I prophesy a more bloody and terrible war even than has already taken place.

Despite the excellent advice of our good President, Theodore Roosevelt, and the co-operation of the Japanese envoys, it now looks to me as if all hope for peace, at the present at least, is gone.

It is utterly useless to attempt to impress upon the Russians the high ethics of faithfully performing the binding treaty obligations which all civilized nations recognize with great respect. This is because the Muscovite interpretation of right and wrong, justice and injustice, is always weighed with the one thought to the front—self interest.

If Japan's well prepared proposition regarding the disposition of the island of Saghalien and the sum to be paid Japan for indemnity is disagreed upon by the Russians what will they do in the event that they are allowed to retain the disputed territory?

In the event that the present negotiations fail and Japan secures Vladivostok and Siberia is conquered what will Russia have to offer to secure peace? What will be left to pay the war indemnity? It will certainly be impossible then for Russia to pay a larger amount when at present it confesses that it is unable to pay Japan's present demands.

I think Japan will certainly win this war, no matter how the present negotiations terminate, but taking a pro-Russian point of view of the situation I believe it stands the Russians well in hand to accept the present liberal terms of the Japanese and bring the present struggle to a close.

OLD TELEGRAPHER TO ATTEND REUNION

J. E. Palmer, wife and son, J. R. Palmer, leave this evening for New York City to attend the Old Time Telegraphers' reunion to be held at New York in the Waldorf-Astoria on August 29th. To become eligible to the organization it is necessary to have been an operator for thirty years or more. Mr. Palmer is the only member in Nevada. He has been in the service for more than forty years.

Among those who will be present at the reunion will be Thomas A. Edison, Robert C. Clowery, president of the Western Union Telegraph Company, and many others.

Mr. Palmer and family will be absent about thirty days. This is the first vacation he has taken since coming to Reno four years ago.

Died at County Hospital
Thomas Bowers died at the county hospital yesterday afternoon of consumption. He was about 50 years of age and prior to coming to Reno, three weeks ago, when he was taken to the county hospital, was a laborer on the Hazen cutoff.

But little is known of his antecedents. He is supposed to have a brother in Montana.

Another Jap Is Held
R. Kako, one of the Japs accused of selling liquor to the Indians, was held yesterday by United States Commissioner Waldo to await the action of the federal grand jury. J. Seiki was held as a witness. Kako is the third Jap held on the same charge this week for being parties to the same offense.

Atlantic and Pacific Unite
Fred Raymond of San Francisco and Miss Mary Flanagan, giving her residence as Boston, were married in Reno yesterday afternoon. The ceremony was performed in the justice court by Judge Nash, a few friends only being present. Mr. and Mrs. Raymond left last evening for Portland on a wedding trip.

Lunches for parties and picnics. Home Delicatessen, 21 W. Second street; phone 288.

Georgia Harper Company at McKissick's

GEORGIA HARPER, IN "THE GAY PARISIANS" AT MCKISSICK'S OPERA HOUSE

"The Gay Parisians" was presented by the Harper Company at McKissick's opera house last night. Miss Harper appeared in a comedy role and played it in a pleasing manner. She has an ease and grace about all her work and being possessed of good looks, makes a striking picture. Joseph Detrick as Mr. Pingley, kept the audience in good humor throughout the evening. Vin Moore as Mr. Matlin was amusing.

The cast was up to the standard. The waits between the acts was lessened by a pleasing specialty by Frank and Sam Howard.

Tonight "Frou Frou" will be the bill. Miss Harper has the reputation of being one of the very best "Frou Frou" in the profession. It is considered a test part for emotional actresses. It just closed a very successful run in San Francisco at the California theater. All new special scenery and wardrobe will be used, and those who enjoyed Miss Harper's "Camille" will not be disappointed in seeing "Frou Frou." The company will play a matinee on Saturday afternoon, when a beautiful photograph of Miss Harper will be given to each lady attending.

PAIR OF JACKS WON DRINKS FOR THE CROWD

It is dollars to doughnuts that Proprietor Al North of the Hotel Golden in the future will exercise some care in receipting for any paying charges on express packages. As the result of an experience yesterday he is out \$4.60, and succeeded in getting himself well laughed at as well.

North, who is an ardent knight of the chase, whether it be for game of the field or the large American dollar, grew at once enthusiastic when informed by a representative of Wells-Fargo Company that there was a large bag of game at the depot addressed to him. He immediately directed that the baggage be brought to the hotel.

"You see" said he confidentially to a group of friends, "Charles Short is over in the Susanville country, hunting, and he has sent me a fine bag of chickens."

This declaration was sufficient to at once establish interest in the contents of the bag among the guests at the hotel.

North, with a dexterous hand, born of practice, clipped the puckering string and reached in for what he and his auditors thought would be a fine young sage hen. Instead he brought to view a gaunt and fuzzy jack rabbit of the vintage of many winters ago. And there were more of them—about sixty pounds—upon which he had paid double first class express charges.

The crowd gave the hotel keeper the laugh and he in turn invited them to have "a little drink" with him. The man who is hunting in the wilds of California with an automobile was the subject of some vigorously expressed imprecations when North made this entry on the books: "Express, \$4.60."

NEW CENTURY TEAM DEFEATS BAY CITY

In a fifty-mile relay race between the New Century Wheelmen and the Bay Citys, held at Alameda Sunday, the New Century won easily. The result was never in doubt. Nearly every rider of both clubs who took part in the race is well known in Reno. The riders for each club are:

New Century—O. Hooper, H. Tilmann, M. Sullivan, C. Schiller, R. Mainland, K. Tennant, B. Bailey, A. Carlson, A. Wilkes and H. McWhirter. Bay Citys—R. Mayerholzer, M. Newson, H. Strachan, N. Steinman, D. Cushman, F. McLoughlin, L. Randall, T. Silva, G. Cushman and C. Long. The winning club will receive a trophy.

TAX SUIT BROUGHT AGAINST NATIONAL BANK

District Attorney Craig yesterday filed a suit in the district court against the Farmers' and Merchants' National Bank to recover \$4200 due from the bank for taxes. As the federal statutes exempt national banks from taxation the suit is brought merely to clear up the assessor's records.

Unless the suit was brought the assessor could be held for the amount of tax levied against the bank, as it has been declared delinquent and he must show cause why he has not collected it. The suit, while there is no hope on the part of the district attorney of winning it, will straighten out the record and give the assessor the authority to charge the amount of his books.

Relay Office Closed
George E. Palmer, for several months past manager of the relay office of the Western Union Company at Sodaville, arrived in Reno last evening on a visit to his parents. Because of the through wires installed by the telegraph company into Tonopah the relay office at Sodaville has been closed. Mr. Palmer, one of the youngest managers in the employ of the company, continues in the company's employ. He is now on his way to New York and other eastern cities on a vacation trip.

Sullivan Goes to New Fields
James Sullivan failed to appear for trial in the justice court yesterday and his \$25 bail put up last week was declared forfeited. Sullivan was arrested on a charge of being a "con" man and took the opportunity afforded him by the officers when released on bail to pack his portmanteau and pass without the gates of the city.

Now in New York
Mrs. Lizzie Belz and two sons arrived at New York City yesterday after an extended tour through Europe. They left Reno more than a year ago. Mrs. Belz and children are now on their way to Portland, where they will visit for several days before returning to their home in this city.

Suit for Material
A suit was instituted in the district court yesterday by A. W. Linville against A. J. Clark to recover the value of material which the plaintiff alleges to have been delivered to Mr. Clark while he was building the Clarendon Hotel. Mr. Linville is seeking to recover \$346.

Neilson Buried Yesterday
A. Neilson, who died in this city about a week ago, was buried yesterday afternoon from the undertaking parlors of Perkins, Oliver & Gulling. For an evening's ride, Wieland's Park; fare 5 cents. Heldtman & Co.

SCHEME TO DISRUPT PACIFIC COAST ASSOCIATION

Rival Clubs Said to Have Plan Formed to Professionalize Every Member of Reno Wheelmen Racing Team in Event Match Is Made

From reports received from California an effort is being made to make the Reno Wheelmen the entering wedge of a movement tending to disrupt the California Association of Cycling Clubs. The movement, it is said, is prompted by a dislike entertained by several of the clubs for President McEnerney, whose administration has not been to their liking. Mel Moffitt of the Oakland club is said to be interested in the movement.

The report was hardly credited in Reno when the news was received yesterday morning. The Oakland Wheelmen are among the Reno club's staunchest friends and while the local club is anxious to assist the Californians in every way possible they will not willingly become a party to a movement tending to disrupt the association.

The proposition is to hold an all-star race against Reno without the sanction of the association. If Reno becomes a party to the move it means the disruption of the association and what is generally believed would be the death blow to the sport on the coast. It is also argued that in the event Reno enters the race the entire team will be professionalized, thus losing to Nevada all of its fast riders, while California will lose not more than one or two men for each club. Thus far Reno has refused to enter into the match without first receiving the association's sanction and from what could be learned last night this determination will be adhered to.

Strictly a State License
Sheriff Ferrel yesterday received a reply from State Controller Davis regarding the collection of the state liquor license. Sheriff Ferrel asked whether a license issued for another county would be good in Washoe county. Controller Davis ruled that the license is one for the state and for that reason valid any place in Nevada. In this he was upheld by Attorney General Sweeney.

George Rice Is Home Again
George Rice, formerly a well known mixologist in Reno, arrived in town last evening from Tonopah. Mr. Rice, it is understood, has speculated wisely in the southern country and returns to his former home town well supplied with this world's goods.

Bird of an Official
Second Vice President A. C. Bird of the Denver and Rio Grande railroad, passed through Reno yesterday afternoon on a special train on his way to San Francisco. Mr. Bird was traveling in President Jeffries' private car the "Balticore."

ANOTHER OPPORTUNITY TO VISIT LAKE TAHOE

The last excursion of the season will be run to Lake Tahoe on Sunday, September 3d. This announcement was made yesterday by District Freight and Passenger Agent A. H. Rising. As heretofore the ticket sale will be limited to 150 persons, that every one going may be accommodated on the Lake Tahoe railroad and be enabled to take a trip around the lake.

The excursion will be the last given this season and as such there will doubtless be a lively scramble for tickets, which will be placed on sale the first of next week.

LEGAL ADVERTISEMENTS

SUMMONS

In the District Court of the Second Judicial District, of the State of Nevada, County of Washoe.

The Farmers & Merchants National Bank, of Reno, a corporation, Plaintiff, vs. J. P. Raine & E. Vernon, co-partners doing business under the firm name and style Raine & Vernon Supply Co., et al., Defendants.

Action brought in the District Court of the Second Judicial District of the State of Nevada, Washoe County, and the complaint filed in said county in the office of the Clerk of the said District Court on the 28th day of June A. D. 1905.

The State of Nevada Sends Greeting To J. P. Raine & E. Vernon co-partners doing business under the firm name and style of Raine & Vernon Supply Co. E. Vernon & J. P. Raine, Defendants. You are hereby required to appear in an action brought against you by the above named Plaintiff, in the District Court of the Second Judicial District of the State of Nevada, Washoe County, and answer complaint filed therein, within ten days (exclusive of the day of service) after the service on you of this summons, if served in said county, or if served out of said county, but within the District, twenty days; in all other cases, forty days, or judgment by default will be taken against you according to the prayer of said Complaint.

The said action is brought to obtain a judgment against you for the sum of one thousand dollars, together with interest thereon at the rate of eight per cent, per annum, from December 19, 1904, alleged to be due upon a certain promissory note executed by said defendants to this plaintiff on said day at said county, for full value received, together with \$150.00 Attorney's fee, and costs of suit.

And you are hereby notified that if you fail to answer the complaint the said plaintiff will take judgment against you for \$1,150 and interest on \$1,000.00 thereof at the rate of eight per cent, per annum from the 19th day of December, 1904, and costs of suit. Given under our hands this 27th day of June, in the year of our Lord one thousand nine hundred and five.

Mack & Farrington, Attorneys for Plaintiff
Date of 1st publication Aug. 18, 1905

GOOD MINES AT DOORS OF RENO

Many Prospectors Are Digging for Gold Within a Radius of Few Miles of This City

During the last few weeks there has been a general renewal of activity in a mining way, in the immediate vicinity of Reno. Not before, for a long time, have so many prospectors been hunting for the gold carrying ledges, almost within sight of the city, as during this summer. Particularly is this true north of town. It is fair to say that 100 men are working on prospects within a radius of very few miles of Reno.

The development being done on prospects near the city is practically lost sight of because it is so near to town. A number of local companies have been organized on a stock basis to work these properties. The organizations in each case are effected, not for speculative purposes but purely to exploit the mines.

In many of the prospects near Reno, and the term applies to those claims within a few miles of this city, an excellent showing has been made from the surface indications, and with only limited development work; indeed it cannot be considered much more than "gophering" and some high assays have been secured from ledges that have every indication of permanency. In nearly each instance claims located near Reno have been staked out by residents of this city. Quite a little capital, too, is being applied in their development, or rather will be in the future. While none of them have risen to the estate of a mine, many are excellent prospects. Indeed from the near surface indications some exceedingly rich bodies of ore will be encountered near Reno.

If the same showing was encountered in a big bonanza district that was holding the theater of public attention in a mining way many from the outside would be attracted and foreign capital would be induced to come to the district.

Those who have looked over the claims in this vicinity pronounce the showing excellent and say that the future holds much and that with the application of capital good mines will be developed within a stone's throw of Reno.

GOLDFIELD'S NEW CHEMICAL ENGINE

R. S. Chapman, Pacific Coast agent for a large fire appliance company, arrived in Reno last evening. He came direct from Bakersfield, Cal., where he inspected a number of fire engines. This morning Mr. Chapman will leave for Goldfield in charge of a modern chemical engine recently ordered for that camp. The engine has been in the fire house at Reno for several days pending Mr. Chapman's arrival. While here Mr. Chapman examined the fire apparatus in charge of Chief Webster, finding it well kept.

Bright's Disease and Diabetes News

San Francisco, August 15, 1905.
To J. B. McCullough—Dear Sir: The long sought cure for Bright's Disease and Diabetes has undoubtedly been discovered in this city by John J. Fulton, a lineal descendant of Robt. Fulton.

Although hundreds have recovered here this is not easy of belief and it is the purpose of a number of business and professional men of this city (of whom I am one) to tell the people. You are hereby authorized to tell all those in your city who have either Bright's Disease or Diabetes that nearly nine-tenths of them can recover. Among the business men who are giving moral and financial support and who would give neither if the above was not strictly true are Hon. D. M. Burns, president Candelaria Mining Company; Edward Mills, president Block & Jones Company; Captain Roberts, president Boca and Loyalton railroad company; Thomas Kirkpatrick, capitalist; D. E. Bender, capitalist; W. C. Price, capitalist; William Sharp, capitalist; C. W. Clark, capitalist and many others.

The pamphlets herewith are to be given to all inquirers without charge. They give the complete history of our long and exhaustive investigation. Yours truly, A. E. SEATTUCK, President Pacific States Type Foundry.

When to suspect Bright's Disease—weakness without cause; puffy ankles, hands or eyelids; kidney trouble after the third month; urine may show sediment; falling vision; drowsiness; one or more of these. J. B. McCullough, agent.

Notice to All Contractors
You are hereby requested to attend a meeting to be held at the office of M. J. Curtiss Monday evening, September 4th. Important business.

CASE GOING TO HIGHER COURT

Trustees Expect to Have Decision on School Bond Question Next Week

Within the next ten days it is thought the legal tangle in which the recent school bond issue is in at present will be satisfactorily arranged. Trustee Webster, as well as the other members of the board of education, have placed the matter in charge of attorneys who are now preparing to take the matter direct to the supreme court. The section relating to school elections it appears is somewhat ambiguous. The court will be called upon to define its real meaning and on the decision depends whether or not it will be necessary to call another special election. It is understood an effort will be made to have the court take up the matter at once and a decision is expected next week.

It is a matter of the utmost importance to the residents of Reno, for the schools are now overcrowded and more room is needed.

Clock & Shea, so far as known, have no intention of fighting the school trustees or insisting upon the fulfilling of the contract. Work on excavating is still in progress. This, however, was a sub-contract. The contract was entered into and rather than pay the cost of the work and allowing the contractors to stop, Clock & Shea decided to complete the excavating and trust to further developments for their pay.

Head-quarters...

We are headquarters for Ham, Bacon and Lard.

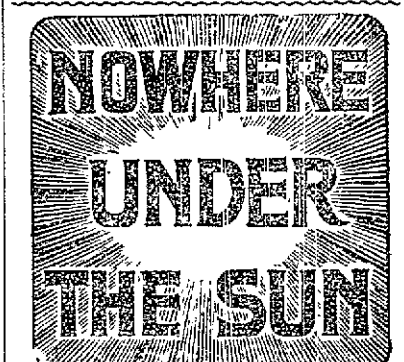

WHY?

Should you go to a grocery for Ham, Bacon or Lard. We can give you lard, kettle rendered, a pure article, at the same price that you will pay elsewhere for a packing house product.

Give us a trial order and be convinced.

F. W. POTTER, 230 Sierra St., Reno, Nevada,

CHURCHMEN TO MEET IN RENO

Bishop Berry of Buffalo Will Attend Methodist Conference in Reno Next Week

One week from tomorrow night the Nevada mission conference of the Methodist church, which embraces the work of that denomination in the Sagebrush State and western California, will convene in this city for the purpose of making appointments for the next year, and deciding upon a number of important church matters.

One of the features of the conference will be the presence of Bishop Berry of Buffalo, New York, one of the distinguished church men of the east. He will be present at the deliberations of the conference and take an active part in all its sessions.

Next Sunday evening as preliminary to the conference meeting revival services will commence at the Methodist church. Rev. J. M. Wilson of Susanville, Cal., will conduct the morning service and Rev. Mr. Partridge of Virginia City will have charge of the evening services.

The conference proper will convene on the evening of August 31st and remain in session until the following Sunday night. It is expected that between fifty and sixty delegates from the various congregations in the district will be present at the meeting.

Superintendent Van Deventer will submit his annual report of the work of the mission during the year. This will be the most important document presented to the conference, as it will include a summary of the new results of the church work in two states.

Reports will also be submitted by the other officers of the conference and representatives of the church extension work will be present to inform the delegates of the progress made with the work in that department.

Rev. A. C. Welch and a committee selected from the membership of the Reno church are preparing for the reception and the entertainment of the delegates, who will be the guests of the Reno church men. For the most part they will be entertained in the homes of the members of the local congregation.

IS KING OF THE VIOLIN

Star Attraction of a High Class Bill at the Grand Theater This Week

Frederick MacMurray, the violinist, is the center of attraction at the Grand this week. He is without doubt the cleverest in his line who has been seen in this city for many a day. During his rendition last night his listeners were held spellbound and at the conclusion of each selection he was greeted with rounds of applause, responding to four encores. He brings from his violin that soft, mellow music which is so often heard of, but seldom realized. Mr. MacMurray is certainly a genius on the violin and deserving of the well merited praise which he received from all sides last night.

Another attraction deserving of special mention is Professor Barlow and his trained animals. He has a collection of monkeys, dogs and cats that perform some astounding feats, tricks that one would hardly believe dumb animals capable of executing.

Byron & Blanch, comedians, also made a hit in their comedietta, "Matrimonial Sweeties in Family Jars." They are a clever pair and give a very creditable performance.

Charles Fairbairns, an Irish comedian, does a stunt that provokes much mirth from the audience.

The illustrated song, "Longing for You," was rendered by Richard Lester in his usual pleasing manner.

The moving pictures are also good.

SEVEN ARE ARRESTED FOR EXPECTORATING

Unless you want to put up \$5 as security for your appearance in the police court, do not spit on the sidewalk.

And if you do be sure that there is no policeman in sight.

As the result of last night's crusade to enforce the "anti-expectoration" ordinance seven arrests were made and as many people gave up \$5.

In nearly every case offenders against this ordinance pay the \$5 and fail to appear in court the next morning. It is scarcely likely that the court would impose more than a \$1 fine, but fear of the strong limb of the law actuates the average man arrested on this charge to put up \$5 and get himself out of sight.

LOOKING AFTER YOUR BUSINESS

Government Sends Representative to Reno to Prepare Report on Conditions

Reno is in possession of a government statistician. He arrived here yesterday on a tour of the western portion of Nevada. His name is G. R. Perkins, the special agent of the government in this department of commerce and labor. He is engaged in collecting information for his department. Yesterday he spent a portion of his time in the Journal office collecting data as to the amount of business done by this office in 1904. Other business houses throughout Reno were also visited and similar information secured. It will probably require several days for Mr. Perkins to complete his work here.

Many business men have an aversion to giving out what they deem personal affairs, but the government makes provision for this by making a refusal of Mr. Perkins' request an offense punishable by a fine of \$1000 or a few years' imprisonment in the penitentiary.

The result of Mr. Perkins' present trip will be prepared by his department and issued with a report showing the conditions of business throughout the United States during 1904.

BRANCHING OUT...

Our new store will be ready before long to place our new stock, which is arriving daily of early fall and winter goods such as, ready made goods, dress goods and silks also a full line of comforters, cotton and wool blankets, domestics of all kinds and a full line of children's wear. The carpenters are working on our complete line of fixtures and when placed in position we will be able to show one of the most up-to-date lines of dry goods in the state of Nevada.

While we are not in a position to display our new arrivals of fall goods we invite the public to come and inspect them, and see what we are going to put on the market the coming season.
